

YETI STACKABLE LOWBALL 10 OZ – GOOD TO KNOW

WHICH LIDS(S) ARE COMPATIBLE WITH THE LOWBALL?

If you lose your lid, the medium size Magslider™ lid is compatible with the Lowball.

IS THIS PRODUCT CUPHOLDER COMPATIBLE?

The Lowball is not cupholder compatible. However, if you would like a comparable cupholder friendly size, check out the 10oz Tumbler.

IS IT DISHWASHER SAFE?

Yes. We recommend placing lids on the top rack and gaskets and straws in the utensil basket. Of course, you can always hand wash, but who wants more work to do?

CAN I USE IT FOR HOT AND COLD DRINKS?

Yes. Keep in mind that using the Lowball for cold drinks immediately after a hot drink may affect its cold holding ability, and vice versa. As always, do not use a straw lid with hot drinks.

HOW DURABLE IS YETI® DRINKWARE?

Rambler® Drinkware has fallen off trucks, down rocky hillsides, and even been tossed from boats, only to wash up on shore and live to tell the tale.

ARE RAMBLER® PRODUCTS BPA FREE?

Yes. All YETI® Drinkware is BPA Free.
